### Farm to School Proposal for Year 6

The Farm to School and School Gardens program would like to continue to build upon the successes of the first 5 years. The Sullivan Memorial Garden relocation has become the showcase for the program that we hoped it would. We continue to anticipate this will excite more community volunteers.

The budget request for Year 6 is \$35,000. The budget supports the salaries of two part-time coordinators whose activities include: garden building, planning, planting, maintenance, volunteer coordination, and harvesting; classroom teaching; after school garden club; arranging local farm purchasing arrangements with Food and Nutrition; menu planning with F&N; mentoring IB students' CAS projects.

We continue to seek other funding sources.

#### Budget

Salaries	\$31,200	
Supplies	\$2000	
Local Travel Reimbursement	\$200	
Training/Books/Conferences	\$1500	
Websites	\$100	
<u>Total</u>	\$35,000
